

DEVRAJ MAITY

Gen-AI Video Creator & Video Editor

PROFILE

Creative and passionate Video Editor seeking an opportunity to use my skills, grow professionally, and create high-quality, engaging video content.

WORK EXPERIENCE (3+ Years)

Pocket FM

Gen AI Video Creator / Video Editor

Sep 2023 – Present

Building cinematic AI-powered visual content for India's leading audio storytelling platform. Transforming scripts and audio narratives into immersive, high-retention video experiences using modern AI tools and professional post-production workflows.

Responsibilities

- Created ultra-realistic AI-generated visuals for Drama, Fantasy, Horror, Sci-Fi, Romance and Thriller stories.
- Designed detailed image prompts and motion prompts for consistent, production-ready cinematic sequences.
- Converted static AI images into dynamic videos using advanced image-to-video workflows.
- Directed camera movement, lighting, composition and scene continuity to achieve a film-quality look.
- Edited AI-generated footage into engaging short-form and long-form content with strong pacing and storytelling.
- Collaborated with creative teams to translate scripts into visually compelling narratives.
- Optimized AI workflows using platforms like Kling AI, Seedance, Chat GPT, Claude, Midjourney, Leonardo AI, Veo, Runway, Higgsfield, Sync.so, Nano Banana.

Editing Tool: Adobe Premiere Pro., Adobe After Effects, Adobe Photoshop

- Maintained character consistency, visual style and emotional continuity across multi scene projects.
- Delivered high-volume content while meeting strict production timelines and quality standards.
